Earned Admission

Earned Admission is a new opportunity that allows you to gain admission into ASU by successfully completing a series of popular first-year college courses that count toward your degree.

Benefits:
- Low risk. Pay for your course only if you successfully pass with a “C” or higher.
- Earn identical academic credit. Same courses, same ASU faculty, same credit. Use the credit at ASU or another university.
- Begin today. No application required. Start making progress towards your degree immediately.

How it works
1. Sign up at ea.asu.edu.
2. Select your courses.
3. Select “Pursue Credit” to take the course for academic credit ($25 fee).
4. Complete the course with a “C” or better and pay the course cost if you would like to receive academic credit ($400). If you do not pass the course, no payment is collected.
5. Receive an official transcript with your academic credit, which can be applied towards a degree at ASU or another University.

Courses
- Brief Calculus (MAT 210)
- Calculus for Engineers I (MAT 265)
- College Algebra and Problem Solving (MAT 117)
- Computer Applications and Information Technology (CIS 105)
- English Composition (ENG 101)
- English Composition: Research and Writing (ENG 102)
- General Chemistry for Engineers (CHM 114)
- Human Origins (ASM 246)
- Introduction to Engineering: Imagine, Design, Engineer (FSE 100)
- Introduction to Health and Wellness (EXW 100)
- Introduction to Human Communication (COM 100)
- Introduction to Sociology (SOC 101)
- Introduction to Solar Systems Astronomy (AST 111)
- Macroeconomic Principles (ECN 211)
- Microeconomic Principles (ECN 212)
- National Service and American Democracy (CPP 194)
- Perspectives in Grand Challenges for Engineering (FSE 150)
- Precalculus (MAT 170)
- Programming for Everyone: Introduction to Programming (CSE 110)
- Western Civilization: Ancient and Medieval Europe (HST 102)
